January / February 2006 — Volume 4

In Grateful Recognition

During perhaps the most critical time in the history of Harrisburg University; with buildings under construction, faculty being recruited, and coursework in development, many individuals and corporations have given generously in support of the vision and promise of Harrisburg University. It is support from these friends that empowered Harrisburg University to flourish as the newest university the Commonwealth of Pennsylvania has seen in more than 100 years.

In its next phase of development, Harrisburg University offers donors and investors an even greater opportunity to see the impact of their gifts. Students are advancing through courses, new courses and programs are being added, new partnerships are forming, and the University is growing both in student population and in physical preserve.

Please join community leaders in pledging a financial contribution to Harrisburg University this new year. Make 2006 the year that your support will make history and a lasting impact for generations to come. Harrisburg University is a registered 501(c)(3) non-profit institution. Donations are tax deductible to the full extent of the law. Please call 717-901-5152 to discuss your charitable support in 2006!
